Thanks Joy. I'll try to call you tomorrow to discuss the additional RA need.

Hi Steve --

My only potential change for Captain Jack revolves around the relocation. We are on the verge of getting a place for the Chadwells and I think we may be able to make a decision on the Wheaton Business issue tomorrow. But frankly I still don't know how much money I will need to cover the additional costs for this relocation work. But it is likely that I will need additional RA funds.

I had meant to catch you before you headed out of town to talk about how I might handle the likely need. I will be here tomorrow, but I will be out on vacation on Friday and Monday and back on Tuesday around 11 AM.

Other than that issue, not other changes to the SCAP-2 report.

To All, This is a follow-up to our discussion during this month's staff meeting regarding the need to update CERCLIS for each of your sites, particularly the FY 2013-2015 funding needs. The attached SCAP-02 reports are from August 1st, so if you have made changes since that date, they will not be reflected here.

Russ needs this information to be in the system by the end of this week, preferably by COB Thursday, so once you have completed the revisions, send me an email, so I can approve them remotely and get them processed.

If you are making no revisions, let me know that too.

Thanks,
Steve

Hi Tyler. Would you please email me SCAP-02's for the following sites? It would be really helpful if you would send each site as a separate pdf, as you typically do. Please copy Steve Wharton as well.

Thank you!!
